DEFINITIONS:

Stem: One (1) bloom with each stem.
Spray: Number of flowers and foliage on 1 stem.
Spike: Stemless flowers on a long stalk, i.e. gladiolus, liatris

SATURDAY EVENTS

Dept. C –Floral continued

HINTS TO EXHIBITORS:

* **Uniformity is very important:** All old blooms, bug-eaten, dead and broken leaves should be removed as carefully as possible. Length of stem, size of flowers, and maturity of flowers all should be as nearly alike as possible. Unless specified in the lot number, it does not matter whether flowers in an exhibit are all the same color. If a certain color is specified, the colors should be as much alike as possible in each flower.

*If plant material is to hold up through the exhibition period, it must be cut no later than a day before it is to be exhibited. Cutting should be done about 4 PM, because at this time there is the greatest amount of sugar in the leaves, and as soon as the flowers are plunged in water they take up enough to overcome any apparent wilting. Plunging stems in water at 100 degrees F is usually best; then set in a cool room, out of any draft, and let the water cool to room temperature. This enables the flowers to retain their rigidity and last much longer.

* Cut stems cleanly at an angle with a sharp knife and place at once in deep water. Foliage should be clean, with any broken or disfigured foliage or petals removed.

* Flowers or branches with wood stems such as phlox and roses should be split, crushed or pounded before being placed in deep water.

* Dahlias should be picked at daylight with a long stem, placed first in cold water, then hot water and set in a cool, dark place during the day. Any flower with milky or colorless fluid in its stem may be seared with a flame or the stem end placed in boiling water several minutes (blooms should be protected from the steam).

* Flowers to be used in arrangements such as Hosta, vegetable leaves, etc., should be immersed in water overnight.

Horticulture

RULES:

- A. All plant material entered in Horticulture Division must be fresh and have been grown by the exhibitor.
- B. Exhibits must have been in the possession of the exhibitor for no fewer than 90 days. Exception: plants grown from seed, seedling or immature (young) transplants. Combination plantings must have been grown together for no fewer than 6 weeks.

A = Adult
G = Group

HINTS TO EXHIBITORS:

* **Threshold grain:** all samples should be free of dirt, weed seeds, chaff and other grains. There should be no evidence of smut in the sample. The sample should be pure as to variety and class of grain. The grain in the sample should be large, plum, and of a hard, flinty texture. The sample should be free from all kinds of damage such as pin pruning, etc. A deep, yet clear, dark red color is best for milling wheats. In oats and barley, fresh, clean color is very important.

* **Sheaf grain:** In sheaf grains, the evidence of high yield and quality are of equal importance. A sheaf grain should be pure as to variety. The grain must be the natural green color and the maximum amount of foliage.

* **Forage sheaves:** Sheaves are judged on their apparent forage, quality, purity and yield. It is essential that the show sample be cured in a way that preserves the natural green color and the maximum amount of foliage.

* **All root crops:** Cut tops off leaving approximately 1 inch at the top and the roots should be cut off leaving approximately 1 inch, except for beets, on which the root should not be cut. Wash thoroughly, but do not use a brush.

* **Beans and peas:** Leave $\frac{1}{4}$ to $\frac{1}{2}$ inch stems and select uniform pods.

* **Carrots:** Select carrots that do not have green shoulders.

* **Dry onions:** Approximately 8 days before the Fair, twist tops and remove outer layer of dirty skin, just one layer. Spread out so air can pass over them until fair time. Remove tops approximately 1 inch and clip off roots to approximately 1 inch. Do not peel onions to make them shiny.

* **Green Onions:** Lift just prior to exhibition, avoiding damage to root node, trim roots and tops, remove outer layer of skin to get dirt off.

* **Potatoes:** After digging, allow them to dry 20 minutes or so to set the skin; wash gently and avoid rough handling.

* **Rhubarb:** To remove leaf, cut 1 inch from each side of the stem in triangle pattern to center of leaf vein above. Leave base of stem intact.

VOLUNTEERS NEEDED!

The Fair & Rodeo is even better when you help make it happen

The Jefferson County Fair & Rodeo is loads of fun — and it's even better when you are a part of it! We are looking for volunteers to help with the 2019 Fair & Rodeo, August 22-25. It takes a lot of people to put on the fair.

There are many ways to help, including taking entries, assisting judges, displaying exhibits or stamping hands at the barn dance. We also need groups interested in raising funds by selling food or helping with parking or clean-up. Tell us what you're interested in! Call Leah at 459-0689 to sign up! To help

with rodeo activities, call Brady at 531-4581.

Another way to up the fun factor is to enter an exhibit. We don't charge an entry fee (except for the kids' horse show) and it's fun and easy to enter. Judging is done by merit and every exhibit receives a ribbon! Special ribbons receive a cash prize. Thanks to our great sponsors, special prizes are awarded in memory of some of our most loyal fair supporters.

See you at the Fair & Rodeo!

Dedication: Mick McCauley

The 2019 Jefferson County Fair and Rodeo is dedicated to the memory of Mick McCauley. Mick was a faithful, long-time fair and rodeo supporter who passed away earlier in 2019.

One example of Mick's generosity to the fair: he regularly bid over a thousand dollars for the delicious pies his daughter, Marilyn, entered in the fair. The proceeds of the baked goods auction go to the fair grounds for improvements. Mick enjoyed the good-natured competition of the auction but there was no question about who would end up with Marilyn's blue ribbon pies! In honor of Mick, nephew Jim and Anika McCauley are sponsoring a special prize to be annually awarded to the best pie in the show.

Mick's support of the fair and rodeo began many years ago. He was a member of the Jefferson County Park Board which was the predecessor to the current Jefferson County Fair Board. He was the Jefferson

County Rodeo Association president for several terms.

Before the fair started, Mick and his family helped organize a clean-up of the red barn so it could be used for square dancing. Every year he brought his ranch equipment to the grounds to improve and maintain the arena, before and during the rodeo. He was arena director for the Boulder Rodeo for many years.

In the photo below, he can be seen carrying the U.S. flag in the Boulder Parade. He also carried the U.S. flag during the Rodeo grand entry.

Mick's family, his wife Margy, his children Eddie and Marilyn, his daughter-in-law Nita, his grandchildren and their families and now his great grandchildren are all active in the fair and rodeo. His daughter, Marilyn, is a founding and current fair board member. "A fair of the heart" is truly a family affair for the McCauleys.

This is the 36th year of the

Jefferson County Fair and Rodeo, and it will be the first fair and rodeo without the assistance of Mick McCauley. Rest in Peace, Mick. You are missed.
